Description:

World Floorcoverings asked us to apply perforated film to their exterior storefront windows. This film creates a one way visible barrier, protecting your privacy while still allowing you to look out. This will also help prevent the sunlight coming in from fading the flooring samples. Looking great - we hope you like your new windows!

No matter the shape, size, or quantity, we can produce decals to match your unique requirements. Contact us today and we will be happy to help with all of your business signage and decal needs!
